SHEET PRESSES

YPI - THE NEW YUPOBLUE®

FOR HP INDIGO COMMERCIAL SHEET PRESSES

YUPOBLUE®

Understanding the ever-changing demands of the market, YUPO® Corporation is introducing the latest evolution of YUPOBlue®: YPI. With its increased resistance to scratching and improved ink-adhesion, the new YPI creates innovative possibilities for even the most challenging applications. YPI is designed and certified for HP Indigo presses, ensuring compatibility and smooth print runs.

YPI AT A GLANCE

- Certified for HP Indigo presses
- 100% Waterproof
- Dimensionally stable
- Bright white
- Tear-resistant
- No top coating required prior to printing
- Recyclable

YPI VS. YPBL

Better resistance to scratching:
Due to its improved surface, YPI is even better for demanding applications.

IMPROVED INK-ADHESION

Withstanding water and friction,
YPI ensures a long lasting print image.

RECOMMENDATIONS

For particularly demanding applications, additional protection of YPI is possible. Using a varnish or lamination will further protect the final product.

Prior to actual production, please conduct tests to ensure product suitability for final application.

YPBL 300

After 24 h in water rubbed
100 x with wet cloth

NEW YPI 300

After 24 h in water rubbed
100 x with wet cloth
